SkyWatch

Photo taken in 1963 by an AVENA Airlines pilot flying between Barcelona and the international Maiquetia Airport in Venezuela. Note wing motor of plane at right and ground shadows of plane and UFO.

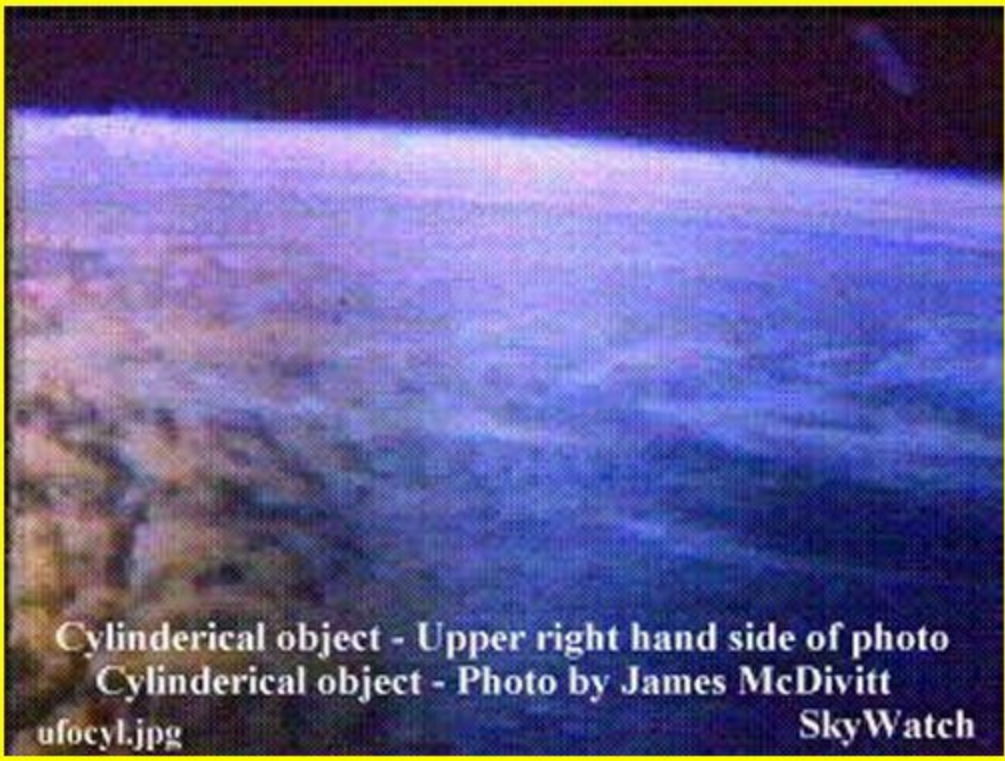

A vintage, slightly grainy photograph showing a dark, oval-shaped object in a pale sky. The object is positioned in the upper center of the frame. The foreground is filled with the branches of trees, some with green leaves and others bare. In the bottom right corner, the front end of a dark-colored vehicle, possibly a truck or car, is visible, including a wheel and a headlight. The overall scene appears to be outdoors in a rural or wooded area.

scientifique, sur les plages de l'Aunatico à l'est de Gênes, en Italie, en 1963. On aurait aussi rencontré des extraterrestres.

Cette photo fut confiée au quotidien *Domenica del Corriere* le 23 juin 1963 par un témoin qui ne voulait pas révéler son identité. Le vaisseau aurait atterri sur une colline près de Gênes. " Je l'ai vu il y a quelques jours, avec un mécanicien automobile, déclara le photographe. " (*Domenica del Corriere*)

**Figure 5**

Puerto Blest (Río Negro), March 23, 1965 (Courtesy Héctor P. Anganuzzi).

A grainy, black and white photograph showing a dark, oval-shaped object in flight against a cloudy sky. The object is positioned in the upper left quadrant of the frame. Below the sky, a range of mountains stretches across the middle ground, and the foreground consists of a desert landscape with sparse, scrubby vegetation. The overall image quality is poor, with significant noise and low resolution.

**Cet ovni couleur rouge brique aurait été photographié à 11h00 un matin de juillet 1966 par un pilote de bimoteur C-47 Skytrain de l'US Air Force, tandis qu'il survolait les montagnes rocheuses à une quarantaine de kilomètres au sud-ouest de la ville de Provo (Utah). Analysé par la commission Condon, le cliché est considéré comme authentique.**

A black and white photograph of a cloudy sky. The foreground is dominated by dark, silhouetted evergreen trees. The sky is filled with large, textured clouds, with some brighter patches where light breaks through. In the upper right quadrant, there is a small, dark, arrow-shaped object. Another similar object is visible in the lower right quadrant. The overall tone is dramatic and somewhat somber.
