**Fundacja NAUTILUS**

A night photograph showing a dark sky. In the center-left, there is a bright, glowing orange-red object, possibly a meteor or a satellite. Below it and to the right is a smaller, bright white object. The foreground is dominated by the dark, silhouetted branches of a tree, with some green leaves visible. Two thin, light-colored lines, possibly power lines, run diagonally across the right side of the frame.
